

BIAS ON SOCIAL MEDIA:

HATE SPEECH TARGETING ASIANS, BLACK PEOPLE, JEWS, HISPANICS, AND MUSLIMS

DATATHON AND AI COMPETITION FOR HIGH SCHOOL AND UNDERGRADUATE STUDENTS

WANT TO LEARN ABOUT ONLINE HATE SPEECH AND HOW TO DETECT AND COMBAT IT
USING MACHINE LEARNING?

PARTICIPATE IN:

- a series of competitive based workshops coached by Indiana University Professors which include:

- a DATATHON where you learn how to create, label, and analyze corpora
- a HACKATHON where you learn how to create and use machine learning algorithms

PRIZES:

- Top three teams will be awarded a \$500, \$300, or \$200 Amazon gift card
- Each participant will receive a t-shirt for completing the program

HOW TO GET INVOLVED:

- Fill out an application here:

<https://tinyurl.com/yckpj4vj>

- Deadline: December 15th

REQUIREMENTS:

- No prior knowledge is required, but minimal experience with programming will be useful
- All high school and undergraduate students from all countries are welcome to apply

MEETING DATES:

- All workshops will be held through Zoom
- Dates:
 - Jan. 15, 2023 @ 2-4 pm CT
 - Jan. 22, 2023 @ 2-4 pm CT
 - Jan. 29, 2023 @ 2-4 pm CT

CONTACT:
